SUMMARY

- IT Support-focused Computer Science graduate with hands-on experience in technical support, system troubleshooting, and custom PC builds since 2020. Strong background in diagnosing hardware, software, and basic networking issues across Windows and Linux environments. Known for clear communication with non-technical users, adaptability, and efficient problem-solving in fast-paced environments.

EDUCATION

Union College of Union County. NJ – Cranford, NJ

May 2025

AS Computer Science

GPA 3.8

- **Relevant Coursework:** Data Structures & Algorithms, Systems Analysis & Design, Database Management, Object-Oriented Programming, Web Development, Cybersecurity Fundamentals, Networking Concepts

SKILLS

- **Technical Proficiency:** Windows, Linux, and iOS environments.
- **Software & Tools:** Microsoft Office Suite (Word, Excel, PowerPoint), Google Workspace, Git/GitHub, Visual Studio Code.
- **Problem-Solving:** Skilled in troubleshooting hardware and software issues, system configuration, and networking fundamentals.
- **Communication & Support:** Experienced in assisting users, explaining technical concepts clearly, and providing reliable customer support.
- **IT Support:** Hardware troubleshooting, OS installation, driver configuration, BIOS/UEFI setup
- **Networking:** Basic troubleshooting (connectivity, configuration, device setup)
- **Systems:** PC building, performance optimization, thermal management

WORK EXPERIENCE

Amazon Fresh, Avenel, New Jersey

Warehouse Associate

April 2026 – Present

- Operate and troubleshoot handheld devices and internal warehouse management systems
- Identify and resolve system or device issues (scanners, connectivity, login errors) to minimize workflow disruptions
- Followed structured system processes to ensure accurate inventory tracking and order fulfillment
- Maintained high accuracy and efficiency in a fast-paced, technology-driven environment

Dollar General, Elizabeth, New Jersey

Shift Lead

May 2024 – March 2026

- Operated and troubleshot POS and store technology systems, ensuring smooth daily operations.
- Assisted customers with product inquiries, returns, and resolving issues in a fast-paced retail environment
- Maintained accurate inventory records and system data integrity through detailed scanning and reporting.
- Trained 10+ new employees in store operations and technology systems.

TECHNICAL EXPERIENCE

- Built and configured custom desktop PCs, selecting compatible components and optimizing system performance
- Installed and configured Windows OS, drivers, and system updates
- Diagnosed and resolved hardware issues, boot failures, and system performance problems
- Performed basic network troubleshooting (connectivity issues, device setup)
- Applied BIOS/UEFI configuration and system-level adjustments
